“ ***I absolutely Love the fact that now I am able to smoke once again almost anywhere anytime!***

I am much more aware of how it affects other people especially my family & their health. I have to be honest though I did start with the V2 ECig's not with intention of quitting smoking but to have the right to smoke whenever I choose.

I am very thankful to V2 Cigs and have also passed on this great opportunity to others that would never have thought of using ECigarettes ever if they had not tried mine first!

-Beth

“ I love vadin'! no joke! i used to smoke 2 packs a day (at least!) and now...voila...none! luv the v2 - really reliable... and man do they produce a lotta vape! :) -PH

“ I absolutely love V2 Cigs!

I love the Sahara flavor!

This flavor is almost identical to the camel cigarettes that i USED to smoke. V2 Cig smoke is differs from all other brands, because their smoke is much thicker and more flavorful then their competitors.

I would highly recommend anyone who is trying to quit smoking to give the V2 cigs a try. 2 thumbs up! Keep doing what you're doing V2 Cigs.

“ I CAN BREATHE AGAIN!

After 31 years of smoking and endless times of trying to quit, I have achieved a lifetime goal... QUIT SMOKING!

Nothing else worked, but with the V2 Cig I have done it, I am smoke free for 8 months now, and have no desire to smoke again.

This product works, taste, and feels just like I am smoking, with no odors, ash or burns on my clothes or on the furniture.

-anon

Do yourself and loved ones a tremendous favor and try V2 Cigs. You've tried everything else, so go ahead give it a try...
