

THE CASE FOR THE RESURRECTION

Post Session 1 Prep

The Rock Paradox. Revisit some of the points from the presentation, namely, that God cannot do some things. Have your students discuss the question of whether this limits God's power. Also have them try to think of biblical examples of things God cannot do. There are some hints included. Finish this thought with the quote by CS Lewis.

Wrap up by explaining that God CAN, however, lift the heaviest rock that we face, that He has lifted the curse of death.
