Private Team Sharing

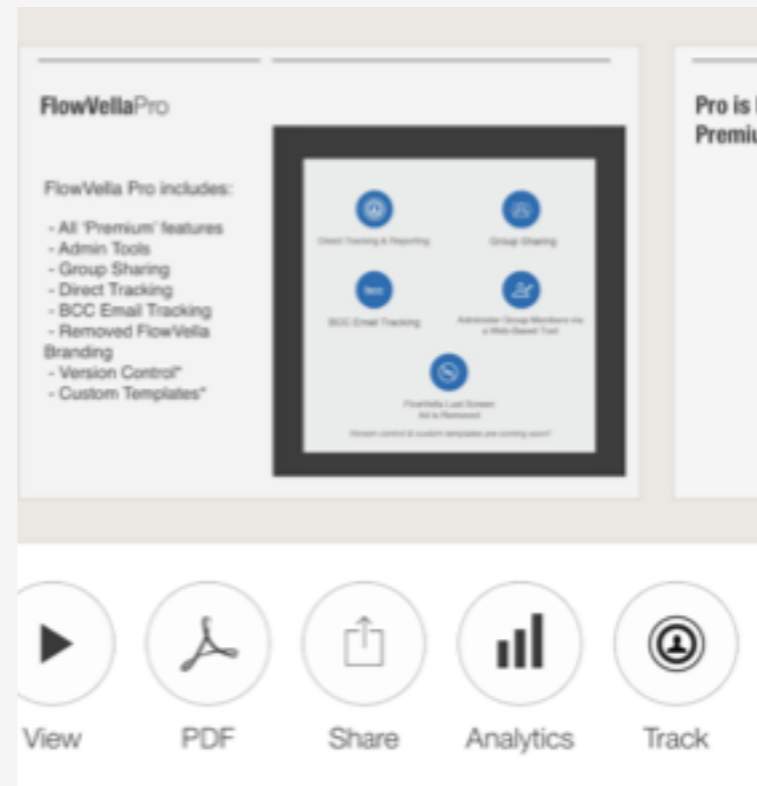

Create your team(s) and publish to that team only. No need for passwords, it shows up in the team feed.

Only Flows from your team will show up here. They are set to be duplicated by default.

FlowVellaPro

Direct Tracking

Tap on the 'track' button and customize a message for your prospect. You'll get an alert when they open the email or launch your Flow.

Right from your iPhone or iPad, share your Flow with a prospect via email. Then get alerts when they open the email and view the Flow.

Track Presentation by User

To: (1 email at a time)

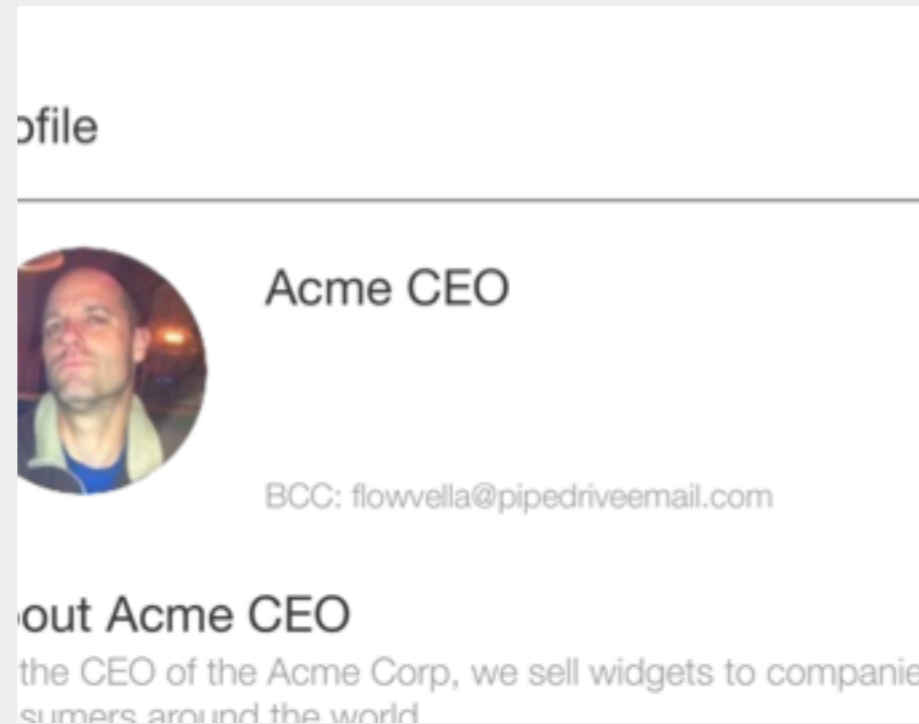

Subject:

Hi,

Here is the {presentation} I wanted to sh

BCC Email Tracking & CRM Integration

Add your BCC email address in your profile. This is only visible to you.

Your BCC email address is added to all your emails automatically, saving you time and effort.

FlowVellaPro

Removed Branding on Web Player

With a Pro account, you won't see the last share screen on the FlowVella Web Player.

The intent is to keep things more professional for the sales and marketing executive.
